Human-Reviewed Document Intelligence for Veteran-Service Workflows

Disabled-veteran-founded · Built for reviewable workflows · Designed for responsible deployment

Core Competencies

- AI-assisted veteran benefits navigation
- Document intelligence and structured extraction
- Educational veteran intake and case-preparation workflows
- Retrieval-augmented knowledge assistants
- Evidence and documentation organization
- Human-in-the-loop AI workflows
- Secure web application development
- API and workflow integration

Differentiators

- Reviewable outputs with source references
- Human approval at consequential workflow steps
- Veteran-service workflows informed by direct experience
- Clear assistance and accredited-representation boundaries
- Public security, privacy, accessibility, and AI documentation
- Subscription, organizational licensing, and scoped pilot options

Certifications

SERVICE-DISABLED VETERAN-OWNED CERTIFIED

VETERAN-OWNED CERTIFIED

Official SBA certification icons. Link opens SBA certification resources and does not imply SBA endorsement of Valor AI products or services.

Relevant Experience

- Production deployment of ValorAI educational veteran intake, document review, educational guidance, and case-preparation workflows. This is product intake, not VA Benefits Intake.
- DD-214 extraction, decision-letter summarization, evidence checklists, and source-grounded assistance.
- Full-stack application delivery, AI research, graduate AI work, and veteran cybersecurity leadership.
- VA API and sandbox work is described only by verified environment and API status; it is not represented as contract performance or production authorization.

ValorAI supports education, document organization, workflow preparation, and human-reviewed decision support. It does not independently determine VA eligibility or disability ratings, provide medical or legal advice, or replace accredited representation.

Version September 16, 2026. No government affiliation or endorsement of Valor AI products or services is implied. Official SBA certification icons do not express SBA endorsement.
